1 bottle uses 200 uses  use 2-3x a day

Cough relief

ACTIV ANTI TUSSIN spray 30 ml

The **synergistic action** of the individual components guarantees **quick relief from cough** and irritation to cough after use. It effectively reduces **pain in the throat** and has a **decongestant effect** on the respiratory tract.

1 bottle uses 200 uses  use 2-3x a day

SUBLINGUAL SPRAYS

Innovative **NANO technology** enables **application in the mouth - under the tongue**, where there is a dense tangle of tiny veins. It bypasses the gastrointestinal tract, which enables **high absorption of active substances into the body**. Protection against the influence of pH and the action of digestive enzymes. **Convenient method of application**. A low dose of the drug provides **high efficiency** - it does not burden the liver and reduces the risk of side effects.
